AMENDMENT D

Commissioner of Patents and Trademarks
Washington, District of Columbia

Sir:

Pursuant to a telephone discussion with Patent Examiner Bret C. Hayes on 4-26-05 and in response to the Office Action Summary mailed on 02/25/2005, kindly amend the patent application, Bottom Fish Rig, as follows using the paragraphs enumerated in the United States Patent Application Publication No.: US 2004/0107629 A1.

In addition to the amendments that were made in the filing on 4/26/05 attached is the revised Specifications. Some of the changes are as follows:

III. SPECIFICATIONS

Changes to the Specifications are as follows:

1. [0002] line 4 has: fishing tackle having a strong leader with a notable new...
Change to: fishing tackle by having a strong leader with a notable new...
2. [0018] to [0021] has the following:

SUMMARY OF THE INVENTION

[0018] In view of the foregoing disadvantages inherent in the known types of fishing tackle now present in the prior art, the present embodiment of the invention provides an improved bottom fish rig, and overcomes the above-mentioned disadvantages and drawbacks of the prior art. As such, the general purpose of the present embodiment of the invention, which will be described subsequently in greater detail, is to provide a
